2026 KEY FEATURES & NETWORKING OPPORTUNITIES

Executive Conference

Hear from CEOs, ministers and senior policy leaders as they outline investment priorities, competitiveness and the decisions shaping Canada's long-term energy strategy. Access is included in the All-access and Partner pass.

Executive Conference Sponsor

Energy Influencers Conference

A three-day, industry-led program delivering technical insight into AI, digital transformation, emissions reduction and innovations shaping the future energy system. Access is included in the All-access and Influencer pass.

Sponsored by

AI & Data Centres Pavilion

New addition for 2026. Infrastructure, grid demand, digital systems and the technologies redefining energy-intensive computing. Access is included in all pass types.

Critical Minerals Pavilion

New addition for 2026. Supply chain leaders, developers and global partners advancing Canada's role in strategic minerals and energy-transition materials. Access is included in all pass types.

Global Energy Show Canada Awards

A luncheon celebrating excellence in the energy industry, recognizing accomplishments of leaders, innovators and trailblazers in nine categories. Nominees and winners will be announced on day 3 of the event. Access is included in the All-access pass or available for purchase.

International Pavilions

Eight global pavilions driving collaboration, market access and policy engagement. Access is included in all pass types.

Opening Night Reception

A key networking opportunity inviting energy leaders and decision-makers to connect, exchange insights, and build valuable partnerships. Access is included in all pass types.
